Mandya Medical District.

READ—

Correspondence ending with letter No. G. C. 408-8, dated 11th April 1940, from the Senior Surgeon, submitting proposals for the formation of the Mandya Medical District.

ORDER No. G. 10360-416—MED. 234-39-5, DATED BANGALORE, THE 24TH JUNE 1940.

The Senior Surgeon submitted proposals in April 1939 for the formation of a separate medical district with headquarters at Mandya, bifurcating the Mysore Medical District on the same lines as those adopted for purposes of revenue administration. It was represented that on account of the large number of medical institutions in the old Mysore District, it was difficult for the District Medical Officer to administer them satisfactorily and that the position would become worse when the new institutions now under consideration were opened. The Senior Surgeon adds that experience has shown that the said Mysore District also presents more problems for solution and more occasions for combating epidemics than the other districts, being full of places of pilgrimage and special tracts, such as the Irwin Canal area, which need special attention. For these reasons, it is urged that it is necessary to bifurcate the district, which contains as many as 60 medical institutions, into two—the Mandya District to comprise 23 institutions and the Mysore District 37 institutions, as shown in the statement appended. Government approve of the formation of this new District with effect from 1st June 1940.

2. Sanction is accorded to the extra staff required as shown in the statemen appended, costing Rs. 838$\frac{1}{6}$ per mensem. The scale of special charges proposed amounting to Rs. 5,130 per year, as detailed below, is also approved:—

	Rs.
Travelling Allowances to Officers	180
Travelling Allowances to Establishment	90
Diet of Patients	3,000
Hospital Necessaries	900
Contingencies	600
Bedding and Clothing	180
Electric Charges	180
Total ...	5,130

Sanction is also accorded to the proposals made in regard to providing equipment at a cost of Rs. 8,649-5-0 as follows:—

	Rs.	a.	p.
Furniture	1,825	0	0
Bedding and Clothing	1,713	13	0
Cots, Cradles, etc.	5,110	8	0
Total	8,649	5	0

This does not, however, include the cost of surgical instruments and appliances which will be purchased out of the allotment of Rs. 2,500 made for the Mandya Hospital out of the special grant of Rs. 1 lakh made in the current year's budget of the Medical Department for purchase of special equipment. The Senior Surgeon also states that some articles required for the operation theatre will be purchased out of the donation of Rs. 1,000 of the Mysore Sugar Company when realised.

The cost on account of the extra staff and the special charges of the New District will be met out of the provision of Rs. 14,000 made in the next year's budget.

The cost of initial equipment will be met out of the sanctioned grants of the Medical Stores for 1940-41.
